

2009 Index

IEEE Power and Energy Magazine

Vol. 7

This index covers all technical items — papers, correspondence, reviews, etc. — that appeared in this periodical during 2009, and items from previous years that were commented upon or corrected in 2009. Departments and other items may also be covered if they have been judged to have archival value.

The Author Index contains the primary entry for each item, listed under the first author's name. The primary entry includes the coauthors' names, the title of the paper or other item, and its location, specified by the publication abbreviation, year, month, and inclusive pagination. The Subject Index contains entries describing the item under all appropriate subject headings, plus the first author's name, the publication abbreviation, month, and year, and inclusive pages. Note that the item title is found only under the primary entry in the Author Index.

Are You IN THE DARK

About What the Power & Energy Society Can Do for You?

Let Us Shed Some Light On It

For more information about membership in PES go to www.ieee.org/pes

The IEEE Power & Energy Society is...

- the primary information source for technical information about the electric power and energy sector.
- participation at meetings, conferences and expositions that are designed to keep you informed about the latest technological advances and reinforce knowledge of the basics...all at special member prices.
- participation in the IEEE standards-setting process and the purchase of IEEE standards at special member prices.
- a Web Portal which provides you with access to thousands of additional publications at member prices.
- networking opportunities with colleagues at chapter meetings, professional and social events.
- a subscription to the award winning IEEE Power & Energy magazine (included with your membership) published six times a year containing important articles about the technical and business trends impacting the industry and your profession.
- the monthly PES e-newsletter with up to the moment news about society news and a whole lot more.
