ePIXfab info session at Group IV photonics conference

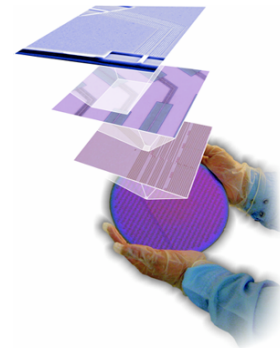

ePIXfab organizes an live presentation information session during the IEEE Group IV Photonics 2008 conference, September 17-19 2008, Sorrento, Italy.

19 September 2008

19:00-20:00

In this session we will explain how you can make use of the ePIXfab services and show what the service portfolio can do for researchers in the silicon photonics and Group IV photonics fields.

We will also kick off the FP7 Support Action PhotonFAB and show how you can be involved, get your designs fabricated, contribute to the roadmap, or just keep up to date!

Programme

19:00 - Introduction

19:10 - ePIXfab

Shuttle run mechanism

Technology portfolio

19:40 - PhotonFAB

Objectives

Support and education

How to get involved

20:00 - End
