

The IEEE web site has undergone a change to a new "look and feel." The new "look" refers to the bright and attractive design of the pages and the "feel" is in the consistency and organization of the site information. The site features an improved search capability that uses keywords to make it more useful. The IEEE Women in Engineering (WIE) Committee's web site can be found at www.ieee.org/organizations/committee/women. Please change your bookmarks!

IEEE Educational Activities - Sloan Career Cornerstone Project Status

IEEE Educational Activities has completed the Sloan Career Cornerstone Project with the development of these four multimedia products that take an in-depth look at careers for electrical engineers and computer scientists:

- *The IEEE Student Career Web site at www.ieee.org/organizations/eab/sloancareers/sloancareers.htm
- *"Careers for Electrical Engineers and Computer Scientists" CD-ROM
- *"What's Out There" and "Getting Ready" videos.

Free copies of the CD-ROM and videos were mailed to IEEE Student Branches worldwide and to all U.S. college electrical engineering departments.

"We want to encourage students to think about careers early, and provide them with the appropriate resources to do so," says Peter Wiesner, Educational Activities. " Staff and volunteers from numerous IEEE entities contributed to the success of this project including societies, Regional Activities, Marketing and IEEE-USA."

The Alfred P. Sloan Foundation funded this project. Ten other professional associations also received grants to produce similar products. For more information, contact Christy Bouziotis, Educational Activities, at c.bouziotis@ieee.org.

WIE Jobs File for June 1999

WIE has initiated a WIE Job Posting File with job postings that have been forwarded to us, unsolicited. If you would like to subscribe to this monthly posting file, send a message to majordomo@ieee.org and type: subscribe women-jobs. This file will be maintained on a monthly basis. If you have any comments on the file, or would like to submit posting information, please submit to WIE at: women@ieee.org.

We are pleased to offer other IEEE sites that contains job listings:

*The IEEE USA Jobs Listing Service on the www at: www.ieeeusa.org/jobs.html.

*IEEE Careers & Education Web Site: "Careers & Education, Enabling Careers through Life-long Learning" can be accessed at www.ieee.org/organizations/eab/careeresource.htm.

*Women in Technology International (WITI) web site at www.witi.com. WITI has joined forces with Advancing Women www.advancingwomen.com and Career Mosaic ® to create two new co-branded sites devoted to the employment needs of women.

IEEE Membership Information: Senior Member
Senior Member is the highest IEEE membership grade that may be obtained by application.

Why Apply?
for recognition of accomplishment by peers
for professional advancement
for personal satisfaction

Who should apply?
Engineers, scientists, educators, technical executives or those in IEEE designated fields who have at least ten years active professional practice, with five or more years of significant performance, accomplishments in engineering, publications, management, education or professional contributions.

We highly recommend all qualified IEEE members to apply for Senior Membership. Another reason to apply for Senior Member grade is that Senior Member grade is required before one is eligible for IEEE Fellow nomination.

To obtain Senior Member Application forms, please contact:

WIE Committee Scopes of Interest:
Scope 1: Gather and disseminate information regarding the status of women and initiatives for, by and on behalf of women in engineering and science.

Scope 2: Enable mentoring and education programs within IEEE. Make available information regarding gender-related educational issues, which may improve the entry and retention of women in engineering programs.

Scope 3: Increase the participation and membership of women within IEEE.

Scope 4: Address ways to improve the climate for women in IEEE and the workplace.
