

Getting Started with the IEEE eLearning Library

<http://iee-eLearning.org>

There are two ways to access your IEEE eLearning Library subscription:

Starting in the IEEE Learning Management System (LMS)

- Go to <http://iee-eLearning.org>
- Log in to authenticate with your corporate or individual user name and password
- NOTE: Only with an individual account can you personalize or earn CEUs
- Access any course within your subscription rights

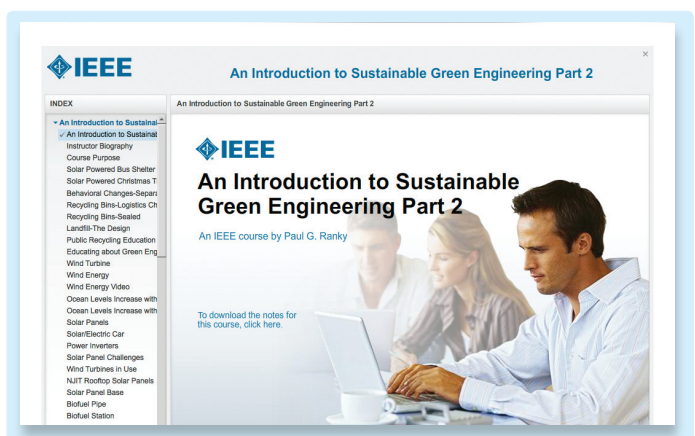

Starting in the IEEE Xplore® digital library

- Go to www.ieee.org/ieeexplore
- Log in to start. (Not all subscription options include access via IEEE Xplore)
- BROWSE EDUCATIONAL COURSES for a full course list or SEARCH for a topic then filter for "Educational Courses"
- On the course abstract page, click ACCESS COURSE to open the IEEE LMS
- Log in with your individual name and password (for personalization) or click institution login

Taking a course

- In the IEEE LMS, use SEARCH TUTORIALS to find a course or BROWSE TUTORIAL CATEGORIES to view abstracts
- Click course title and click ENTER to access a course
- At the end of each course, there is a quiz to earn continuing education credits
- After passing the quiz, click the link to register your CEUs with IEEE. Print your certificate.

Features of the IEEE eLearning Library

Each step of the way, you will find unique benefits and opportunities.

Interactive home page features

- CHAT ROOM and FORUM for interaction with peers
- View your earned CEU and PDH certificates under MY CERTIFICATES
- Send and receive MESSAGES with other course-takers
- Plan your professional day with the CALENDAR
- Stay informed with IEEE.tv technology videos under IEEE NEWS
- Search over 2.5 million documents in the IEEE Xplore® digital library

Diverse catalog content

- Over 200 peer-reviewed short courses and conference workshops
- Tutorials in core and emerging technologies, including non-technical business skills
- Introductory, intermediate and advanced course levels
- Courses are one to three hours in length and include printable notes

Course interaction

- Custom navigation and menus in over 100 languages
- Printable individual CEU and PDH certificates and course transcripts
- Track your progress and mark your place
- Glossary of terms and post-test

IEEE is a certified education provider.
