

IEEE All-Society Periodicals Package

IEEE *Xplore*® Digital Library Subscription Option

Essential research journals from IEEE Societies

The IEEE All-Society Periodicals Package (ASPP)—available online and in print—provides access to IEEE's core collection of technology journals. With peer-reviewed publications concentrating on theoretical and experimental papers, as well as practical applications in research, design and specification, ASPP offers valuable research on a variety of topics.

IEEE All-Society Periodicals Package delivers key benefits for researchers:

- **Drive new ideas**, designs and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation and patent development** with convenient access to proven research all in one place
- **Increase scholarly output** and new research development
- **Stay ahead of the technology curve** with the latest publications

New periodicals on cutting-edge technologies

IEEE adds new publications every year covering emerging topics:

2012: 3 New Titles

IEEE Consumer Electronics Magazine

IEEE Electromagnetic Compatibility Magazine

IEEE Wireless Communications Letters

2011: 3 New Titles

IEEE Journal on Emerging and Selected Topics in Circuits and Systems

IEEE Journal of Photovoltaics

IEEE Transactions on Terahertz Science and Technology

IEEE All-Society Periodicals Package Quick Facts

Add quality, depth, and value to your institution's technology collection:

148 online IEEE Society-sponsored Journals, Magazines, and Transactions

Unlimited, full-text PDF access to more than 188,000 articles

Online access to articles accepted for future publication

Backfile to 2005

ASPP is available in both online and print subscriptions, offering substantial savings and unparalleled value—**so you can choose the option that's right for your organization.**

IEEE All-Society Periodicals Package: Delivered through the IEEE *Xplore*® Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents nearly three times more than the nearest competitor. With over 3 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more streamlined.

Search: Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module lets you modify and find results easier than ever before.

Personalize: You can also personalize IEEE *Xplore* to create targeted saved searches and receive e-mail alerts or RSS feeds of new content updates.
