

IEEE Communications Library

IEEE *Xplore*[®] Digital Library Subscription Option

Take advantage of innovative communications research with a specialized subscription

The IEEE Communications Library offers unlimited access to today's most respected telecommunications research—with eight core IEEE telecommunications publications and two key telecommunications conferences, plus the flexibility to view other articles from the IEEE *Xplore* digital library. Get access to the information used by leaders in the telecommunications industry and stay on top of emerging technologies.

IEEE Communications Library delivers key benefits for your research team:

- **Drive new ideas**, designs, and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Stay ahead of advancements** and benchmark competitor research
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation** with convenient access to proven research all in one place
- **Share vital information** with a company-wide online file cabinet

Collaborate with the IEEE *Xplore* file cabinet

See what your colleagues are reading and share downloaded documents by storing them in a company-wide online file cabinet. Once each unique document is in the file cabinet, anyone in the company can access it without using another download—making it easy to collaborate and fuel innovation.

Note: The shared file cabinet stores a maximum of 10,000 documents

IEEE Communications Library: Delivered through the IEEE Xplore® Digital Library

Access respected technology research that generates results

IEEE Xplore includes top-ranked journals and technology research that is cited in patents nearly three times more than the nearest competitor. With over 3 million full-text articles and papers, IEEE Xplore is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

Find relevant research faster with powerful search tools

IEEE Xplore combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more streamlined.

Search: Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module lets you modify and find results easier than ever before.

Personalize: You can also personalize IEEE Xplore to create targeted saved searches and receive e-mail alerts or RSS feeds of new content updates.
