

Oil and gas companies invested US\$98 billion between 2000–2005 on research and development of emerging energy technologies in the North American market alone.

Source: 2009 API.org

IEEE generates popular oil and gas standards:

- **IEEE 841**—standard for the petroleum and chemical industry
- **IEEE C57.12.00**—standard for liquid-immersed distribution, power, and regulating transformers
- **IEEE C57.12.90**—standard for liquid-immersed distribution, power, and regulating transformers

Petroleum & Natural Gas Organizations

Innovate with IEEE Information

Whether you're researching alternative fuels, fuel exploration, energy conversion or any other petroleum and natural gas technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*® digital library, you'll find the journal articles, conference proceedings and standards needed to lead energy innovation—and boost your company's bottom line.

IEEE Information Drives Technology Patents

Today's corporations deliver new patented technologies at an ever-increasing pace—with cutting-edge petroleum and natural gas research. Patent references to IEEE papers have increased 261 percent since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited over 3.5 times more often than any other scholarly or commercial publisher.**

Patent References from the Top 20 Patenting Organizations to Top Publishers

IEEE is cited over 3.5x more often than the nearest competitor

The IEEE *Xplore*[®] Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE *Xplore* digital library. Along with IEEE journals, magazines, conferences and standards; IET journals and conferences; and select AIP/AVS journals, IEEE *Xplore* delivers:

- The world's most highly cited journals in technology
- More than 2 million full-text documents
- Full-text, searchable PDFs for all documents
- Full INSPEC abstract and citation records
- Weekly content updates—15,000+ new articles every month
- Multiple search options
- Interactive reference linking
- Free e-mail alerts

More Essential IEEE Content in Petroleum and Natural Gas

In today's energy-conscious society, IEEE has the research necessary to help companies compete and prepare for the future. IEEE content remains crucial to the petroleum and natural gas industry—providing research in a wide variety of petroleum and natural gas topics through the IEEE *Xplore* digital library:

Alternative Fuels	
Hybrid Vehicle	2,600+ documents
Wind Energy/Power	8,500+ documents
Solar Energy/Power and Photovoltaics	22,900+ documents
Biomass	5,700+ documents
Hydrogen Energy	450+ documents
Alternative Fuel/Energy	2,350+ documents

Petroleum, Oil, Natural Gas and Coal	
Hydrocarbons	7,800+ documents
Natural Gas	4,800+ documents
Petroleum	12,900+ documents
Coal	11,200+ documents

Fuel Exploration and Processing	
Geoscience	24,200+ documents
Remote Sensing	55,100+ documents
Oil Fields, Exploration, Drilling	2,100+ documents

Energy and Energy Sources	
Energy	530,000+ documents
Cogeneration	2,700+ documents
Energy Conversion	26,300+ documents
Energy Management	8,700+ documents
Energy Research	6,900+ documents
Energy Sources	13,600+ documents

Counts accurate as of May 2009.
