

Mozilla Firefox and DownloadThemAll! Add-on

Instructions on how to download
and install the Mozilla Firefox
web browser and the
DownloadThemAll! add-on

Any questions, please contact
[Steven Binder](#)

Mozilla Firefox

- To download the Mozilla Firefox web browser follow the link below;
 - <http://www.mozilla.com/en-US/firefox/ie.html>

Mozilla Firefox

- Click Firefox 3 Free Download
- Choose the “Run” option
- Once the application has been downloaded a pop-up screen will open asking if you want to run this software
- Choose “Run” and this will start the installation process

Mozilla Firefox

- Follow the instructions through the Mozilla Firefox Setup Wizard
 - Check “Standard Installation”
 - Uncheck “Use Firefox as my default browser”
- Click Next and continue to follow the rest of the steps until the installation is complete

DownloadThemAll! Add-on

- Once Firefox has been successfully installed on your computer you can download the DownloadThemAll! add-on
 - This will let you download all attachments on a webpage at once right to your hard drive
- Follow the link below;
 - <https://addons.mozilla.org/en-US/firefox/addon/201>

DownloadThemAll! Add-on

- After following the link on the previous page click the add to Firefox box
- When the installation pop-up appears click “Install Now”
- When the download is complete click the “Restart Firefox” box on the add-ons pop-up
- Accept the terms and close the add-ons pop-up

DownloadThemAll! Add-on

- Once the DownloadThemAll! add-on has been successfully installed you can now go to the PSPB agenda at the link below and download all of the supporting documents at once
 - <http://ta.ieee.org/Calendar/PreviewAgenda.aspx?eid=93>

DownloadThemAll! Add-on

- To download all attachments at once click on the “Tools” drop-down from the menu at the top of the Firefox web browser
- Highlight “DownThemAll! Tools” and click “DownThemAll!...”

DownloadThemAll! Add-on

- You should create a new folder on your desktop to keep all of these files in one place
- Once the new folder has been created click the folder icon next to “Save files in:” on the DownloadThemAll! application.
- Select the folder you would like to download to
- Under the “Filter” option underneath “Save files in:” check “All files”

DownloadThemAll! Add-on

- Click “Start!”
- You must enter you web account information in order to download PSPB’s attachments
 - Check “Use password manager to remember this password” so you do not have to keep entering your web account information for each attachment
- When DownloadThemAll! has been completed you may close everything out and open the folder you just downloaded to and start viewing the files
