Meritorious Achievement Award in Accreditation Activities

A. Frequency

This award is offered annually.

B. Award Description

The Meritorious Achievement Award in Accreditation Activities was established in 1984 by the EAB to provide recognition for efforts to foster the maintenance and improvement of education through the process of accreditation of engineering, engineering technology, computer science and applied science programs.

The award is given to IEEE Graduate Student Members, Members, Senior Members and Fellows who have made contributions that have enhanced the accreditation process, and are currently, or have recently been active in accreditation activities.

The award consists of a plaque and USD 1000.00.

C. Nominator

Non-members of IEEE are eligible to serve as a nominator for the IEEE EAB Meritorious Achievement Award in Accreditation Activities.

D. Candidates

Candidates for the IEEE EAB Meritorious Achievement Award in Accreditation Activities must be current IEEE Members.

E. References

The nominator is responsible for providing a minimum of three, and a maximum of five, persons to serve as references for this award. At least two references must be IEEE members.
