

Give the GIFT of IEEE

Present a world of opportunity

- Career Resources
- Collaboration
- Global Network

When you give the gift of an IEEE Student Membership, you're helping someone you care about build a platform for success. That's because IEEE delivers access to the industry's most essential technical information, provides both local and global networking opportunities, and offers career development tools and local humanitarian opportunities as well as many other exclusive member benefits.

Whether your student is in an undergraduate or graduate degree program, IEEE offers unparalleled experiences both on campus and off. Most universities have an active IEEE student member community that sponsors events, competitions, and more. After graduation, IEEE offers the career tools and resources today's students need to get a jumpstart on their careers.

To help your student achieve their goals, simply fill out this form. Your gift recipient will receive an email notification with instructions on how to get started. Please allow 7–10 business days from receipt of this application for your recipient to receive an e-mail notification to set up their account. Questions? E-mail mga-email@ieee.org.
