

IEEE Member Digital Library

IEEE Xplore® Digital Library Subscription Option

Fuel your imagination with two individual subscription options designed exclusively for IEEE members

The IEEE Member Digital Library (MDL) gives you the latest technology research—so you can connect ideas, hypothesize new theories, and invent better solutions. Get full-text access to IEEE Xplore at an exclusive price, with the only member subscription that includes any IEEE journal article or conference paper.

Choose from two convenient options:

IEEE Member Digital Library

Access all the research you need to explore ideas and develop better technology with 25 article downloads every month for just US\$46.00 per month. Roll over up to 10 unused downloads into the following month for a maximum of 35 downloads.

IEEE Member Digital Library Basic

Stay current with three article downloads every month, and roll over unused downloads for 12 months, for only US\$19.95 per month.

Both IEEE Member Digital Library options deliver key benefits:

- **Drive new ideas**, designs, and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Stay ahead** of advancements
- **Review previous research** without having to reinvent the wheel
- **Accelerate innovation and patent development** with convenient access to proven research all in one place
- **Keep track of your research** with an online file cabinet

IEEE Member Digital Library

Delivered through the IEEE *Xplore*® Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With more than 5 million full-text documents, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search features that make finding relevant research faster and more efficient.

Search: With a robust search engine, Basic, Advanced, and Author search options and a "Refine/Expand Results" module let users modify and find results more easily.

Personalize: Users can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, and set personal preferences.

New Features: These include improved discoverability of content including Most Popular filter, My Favorite Journal alerts, and enhanced search history; remote access options to ensure users are seamlessly connected to the content they need; My Research Projects feature; and the option to follow your favorite IEEE author with new Author Alerts.

IEEE *Xplore* also provides:

- More than 5 million documents in full-text PDF format, with more than three million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates

Organize your research in the IEEE *Xplore* file cabinet:

Keep track of your research by storing documents in your personal, online file cabinet. Each unique document download is automatically added to your file cabinet, providing convenient access to your research.

NOTE: Each monthly subscription of the IEEE Member Digital Library and IEEE Member Digital Library Basic begins on the first day of the calendar month and ends on the last day of the same calendar month. When a subscription starts in the middle of a calendar month, the subscriber is entitled to all 25 (IEEE MDL) or 3 (IEEE MDL Basic) downloads available during that month and will be charged for the entire month.

IEEE MDL and IEEE MDL Basic are individual subscription options designed for your own research. Articles cannot be shared with others. For corporate subscription options, please visit: www.ieee.org/digitalsubscriptions
